

Dear _____,
(Teacher's name)

I appreciate everything you do every day to make sure our kids are comfortable and happy at school.

I know a large part of that is keeping the classroom clean, and that disinfecting wipes are one tool a lot of teachers use to help stop the spread of germs. I recently read that more than 80% of teachers use wipes, and that more than half of those teachers supply the wipes themselves.

To help out, I thought I'd bring you a canister of Clorox® Disinfecting Wipes to make it a little easier to disinfect surfaces in the classroom — and to thank you for taking care of our kids every day.

Sincerely,

(Your name)

P.S. For free lesson plans or ideas about how to keep classrooms clean, visit www.cloroxclassrooms.com.

Ask school before donating. Adult delivery only.

Fold here and rubber-band to wipes canister!

Thank You!
